The 13th International Conference on Environmental and Sustainable Engineering (ENASE 2024) will be held in Funchal, Madeira, Portugal, on March 23-24, 2024. This prestigious event will bring together researchers, engineers, and practitioners from around the world to share the latest advancements and innovations in sustainable engineering and technology.

ENASE 2024 provides a unique platform for knowledge exchange and collaboration, fostering discussions on critical environmental challenges

and the development of cutting-edge solutions. By promoting sustainable practices and technologies, we aim to shape a greener and more sustainable future for generations to come.

## **Conference Themes**

The conference will focus on a range of topics related to sustainable engineering and technology, including:

- Sustainable energy and climate change mitigation
- Water and wastewater treatment and management
- Waste management and recycling
- Green building and sustainable construction
- Environmental impact assessment and monitoring
- Environmental policy and regulation
- Sustainable transportation and mobility
- Sustainable agriculture and food systems

## **Call for Papers**

Researchers and practitioners are invited to submit original research papers that address the conference themes. Papers should be submitted electronically via the conference website by the deadline of December 15, 2023.

All submitted papers will undergo a rigorous peer-review process to ensure high quality and relevance to the conference themes. Accepted papers will be published in the conference proceedings, which will be indexed in major databases.

## **Registration**

Registration for ENASE 2024 will open in January 2024. Early bird registration discounts will be available until February 15, 2024.

Registration fees include access to all conference sessions, technical workshops, and social events. A limited number of scholarships are available for students and researchers from developing countries.

## **Venue**

ENASE 2024 will be held at the Pestana Casino Park Hotel & Spa in Funchal, Madeira, Portugal. The hotel offers a luxurious and convenient setting for the conference, with breathtaking views of the Atlantic Ocean.

Madeira is a beautiful island known for its stunning landscapes, lush vegetation, and mild climate. The island offers a variety of attractions and activities, making it the perfect destination for a conference and vacation.

## **Committees**

The ENASE 2024 conference is organized by a team of dedicated volunteers from academia, industry, and government. The conference committees include:

- Organizing Committee
- Scientific Committee
- Program Committee
- Publication Committee
- Publicity Committee

## Contact Information
