The blues is a genre of music that originated in the African-American communities of the Deep South in the late 19th century. It is characterized by its use of the blues scale, which is a minor scale with a flattened third and seventh note. The blues is also typically played with a 12-bar chord progression, which is a repeating pattern of chords that gives the music its distinctive sound.

Learning to play blues guitar can be a great way to improve your skills as a guitarist. The blues is a very versatile genre that can be played in a variety of styles, from traditional to contemporary. It is also a great way to learn about music theory and improvisation.

This guide will teach you everything you need to know to get started playing blues guitar, including chords, scales, licks, and more. Whether you are a beginner or an experienced player, this book will help you take your playing to the next level.

## **Chapter 1: Getting Started**

In this chapter, you will learn the basics of blues guitar, including how to hold your guitar, pick, and strum. You will also learn your first blues chord, the 12-bar blues progression, and how to play a basic blues shuffle.

## **Chapter 2: Chords**

In this chapter, you will learn a variety of blues chords, including major and minor chords, seventh chords, and extended chords. You will also learn how to use these chords to create your own blues progressions.

## **Chapter 3: Scales**

In this chapter, you will learn the blues scale, as well as other scales that are commonly used in blues guitar. You will also learn how to use scales to improvise solos and licks.

## **Chapter 4: Licks**

In this chapter, you will learn a variety of blues licks, which are short, melodic phrases that can be used to add some flair to your playing. You will also learn how to use licks to create your own solos.

## **Chapter 5: Putting It All Together**

In this chapter, you will learn how to put all of the elements of blues guitar together to create your own blues songs and solos. You will also learn how

to find your own style and voice on the guitar.

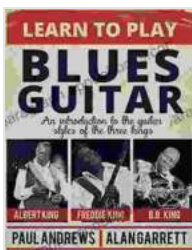

Whether you are a beginner or an experienced player, this guide will help you take your blues guitar playing to the next level. So grab your guitar and get ready to learn!

## Bonus Content

In addition to the five chapters of instruction, this book also includes bonus content, including:

- A glossary of blues guitar terms
- A list of recommended blues guitarists
- A list of online resources for blues guitarists

With this book, you will have everything you need to get started playing blues guitar. So what are you waiting for? Grab your copy today!
