About the Book

Not Crime To Be Poor is a powerful and moving book that challenges our assumptions about poverty and offers a new perspective on the issue. Author and activist Matthew Desmond spent years living in a poor neighborhood in Milwaukee, and his experiences there gave him a firsthand understanding of the challenges that people living in poverty face.

Desmond's book is full of stories of people who are struggling to make ends meet. We learn about families who are evicted from their homes, children who go hungry, and adults who work multiple jobs just to stay afloat. Desmond shows us the human face of poverty, and he helps us to understand the complex factors that contribute to it.

Not Crime To Be Poor is not just a book about poverty. It is also a book about hope. Desmond shows us that even in the most difficult circumstances, people can find ways to overcome adversity and build better lives for themselves and their families.
