What is the LEGO WEDO Set and Program Code?

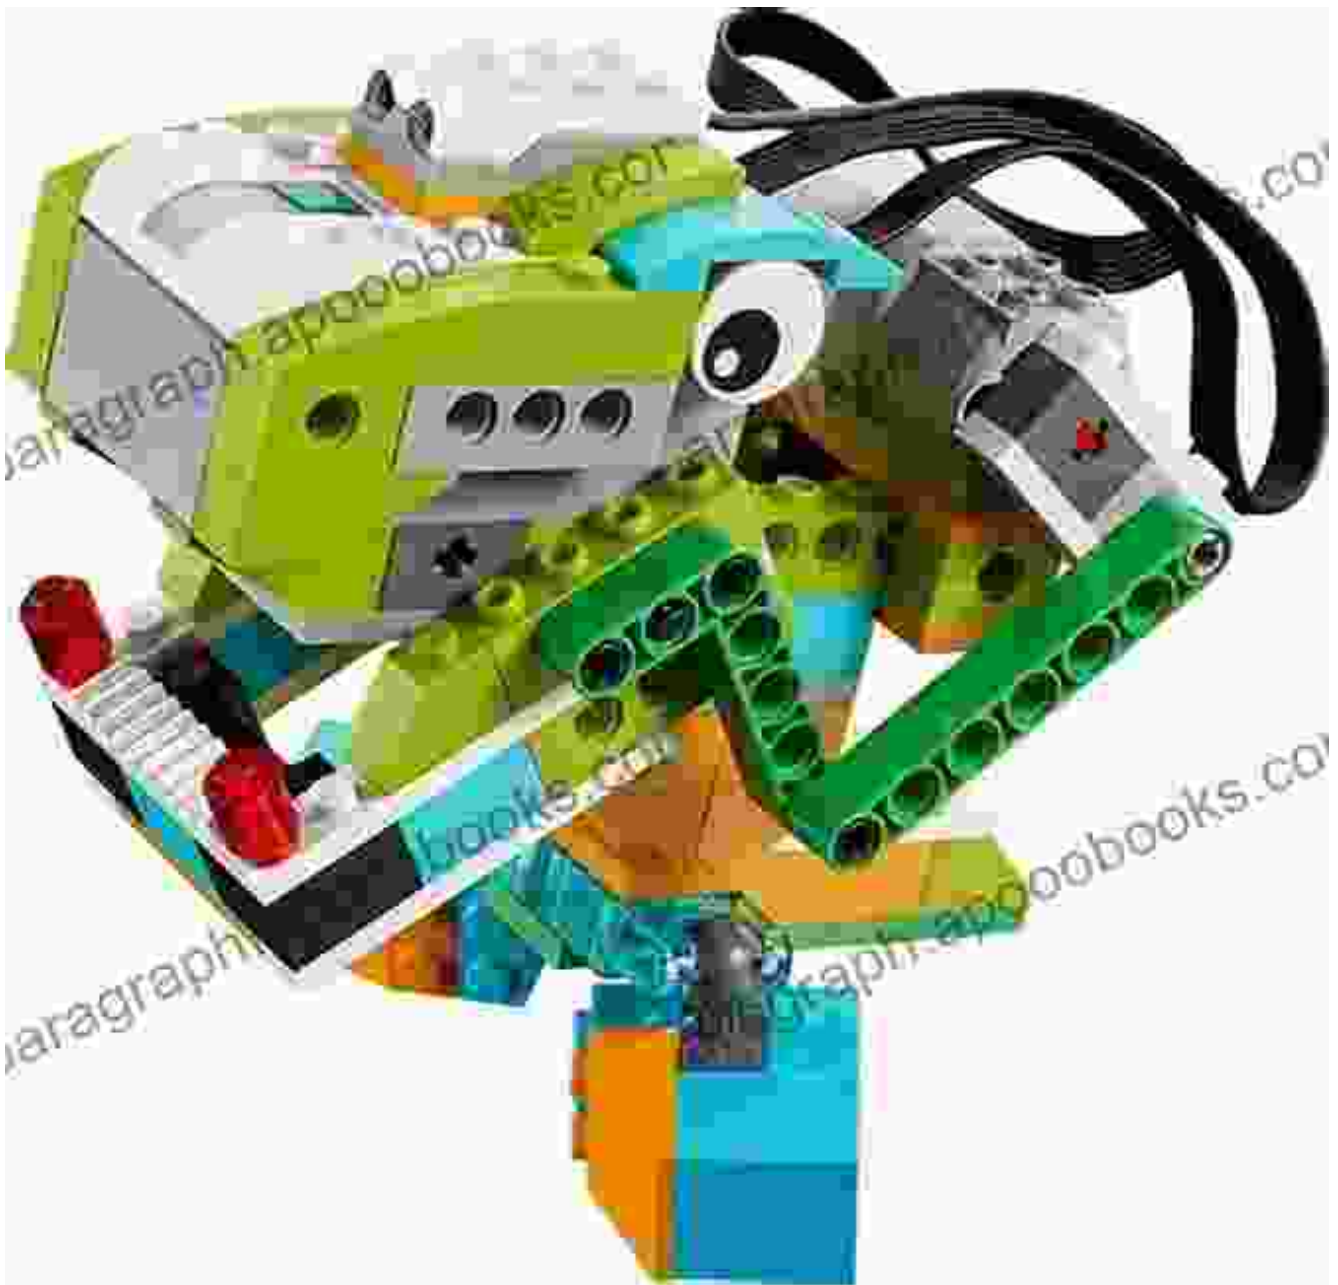

The LEGO WEDO Set is a collection of LEGO bricks and other components that allows children to build and program robots and other interactive models. The accompanying Program Code software provides a user-friendly interface for kids to drag-and-drop programming blocks to

control their creations. With the LEGO WEDO Set and Program Code, your child can:

- Build and program robots that move, respond to sensors, and perform tasks
- Create interactive models that light up, make sounds, and interact with their surroundings
- Develop their problem-solving, critical thinking, and creativity skills
- Learn the basics of coding and robotics in a fun and engaging way

Building Instructions

The LEGO WEDO Set comes with a variety of building instructions for different projects, ranging from simple models to more complex robots. The instructions are clear and easy to follow, making it easy for kids of all ages to get started with building and programming their own creations.

Program Code

The LEGO WEDO Program Code software is a drag-and-drop programming environment that makes it easy for kids to program their creations. The software includes a library of programming blocks that represent different actions, such as moving motors, playing sounds, and

responding to sensors. Kids can simply drag and drop these blocks to create programs that control their creations.

Benefits of the LEGO WEDO Set and Program Code

The LEGO WEDO Set and Program Code offers numerous benefits for your child, including:

- **Ignites passion for STEM:** The LEGO WEDO Set and Program Code provides a hands-on and engaging way to introduce your child to STEM concepts, fostering their interest in science, technology, engineering, and mathematics.

- **Develops problem-solving skills:** Building and programming robots and other interactive models requires children to solve problems and think critically, enhancing their problem-solving abilities.
- **Enhances creativity:** The LEGO WEDO Set and Program Code encourages children to use their imaginations and creativity to build and program their own unique creations.
- **Teaches the basics of coding and robotics:** The LEGO WEDO Program Code software introduces children to the basics of coding and robotics in a fun and accessible way.
- **Provides a collaborative learning experience:** The LEGO WEDO Set and Program Code is ideal for collaborative learning, allowing multiple children to work together to build and program their creations.

The LEGO WEDO Set and Program Code is an invaluable tool for parents and educators who want to inspire children to learn about STEM and develop their creativity. With its clear and easy-to-follow building instructions and user-friendly programming software, the LEGO WEDO Set and Program Code makes it easy for kids of all ages to create, build, and program their own amazing creations. By empowering your child with this innovative learning tool, you can ignite their passion for STEM and set them on the path to success in the 21st century workplace.
