In "It Did Not Start With JFK, Volume 1," author and researcher William F. Pepper unravels the threads of this complex conspiracy, revealing the involvement of shadowy figures and hidden forces that orchestrated the assassination.

Challenging the Lone Gunman Theory

Pepper meticulously dismantles the notion that Oswald acted alone, presenting a compelling case for a conspiracy that involved multiple shooters and a well-coordinated plan. He draws on eyewitness accounts, forensic evidence, and historical documents to demonstrate the flaws in the official investigation and the inconsistencies in the government's narrative.

Unveiling the Hidden Forces

Pepper's investigation goes beyond the assassination itself, delving into the geopolitical context of the Cold War and the national security concerns that

fueled the plot against Kennedy. He reveals the involvement of the CIA, the FBI, and the Mafia, as well as the complicity of high-ranking government officials and members of the military-industrial complex.

The Cover-Up and Aftermath

In the aftermath of the assassination, a massive cover-up was orchestrated to suppress the truth and protect the guilty parties. Pepper exposes the role of the Warren Commission in whitewashing the investigation and silencing

dissenting voices. He also sheds light on the suspicious deaths of key witnesses and the intimidation tactics used to prevent further revelations.

A Call for Justice

"It Did Not Start With JFK, Volume 1" is more than just a historical account; it is a powerful indictment of the forces that continue to operate in the shadows, undermining our democracy and freedoms. Pepper calls for a new investigation into the assassination and a reckoning with the truth that has been hidden for far too long.

Join the growing movement of truth-seekers and discover the shocking revelations that challenge the official narrative surrounding the assassination of President John F. Kennedy. "It Did Not Start With JFK, Volume 1" is a must-read for anyone interested in American history, conspiracy theories, and the quest for justice.
